

Dear Directors:

It is time to submit your nominees for the All-American Teams. Please remember the ages for each of the following Teams: Junior All-American Team (age 9-15), All American Team (ages 16-49) & Senior All-American Team (ages 50 & over). These ages are AS OF **JANUARY 1ST 2019**. For example; a dancer may be 16 at Nationals, but inducted onto the Jr. All-American Team because they had a birthday in May. Your nominees must be encouraging, driven and enthusiastic. Nominees should be members of your team who are being great leaders, showing team spirit and being a committed individual in clogging. Nominees should be cloggers who make all practices, competitions, and exhibitions a priority. Of course, clogging skills are very important, however, the most deserving dancer is the one who meets all the above-mentioned characteristics with no excuses and has a genuine love for clogging! Nominees must be involved with ACFH Inc. for one year. There are only a limited number of cloggers selected for this honor each year. As the Director, remember that this is your job to submit the ones you feel are deserving of this honor. Parents do not have this privilege. You may submit 2 nominees total. If you have a nomination for all 3 teams, 3 nominations will be accepted. The committee will review each form, watch each submission video and watch dancers at competitions to choose the most deserving for the All-American Teams. In this email, you will find an online application. The deadline for all nominations is **August 20th, 2019**.

If you have any questions regarding your nominees, please feel free to email or call Nikki Morgan.
